

Arbitration

is the twentieth century means of settling disputes.

In time, Arbitration should supplant war in deciding differences between great nations. Acceptance of the principle of Arbitration will render great industrial strikes impossible—and even minor differences will come to be settled by this means. Impartial judges can be counted upon to render fair decisions.

To impartial judges of roofing, we will always be willing to leave decision as to the comparative merits of roofings, confident that intelligent investigation will result in a decision for

Certain-teed Roofing

An investigation into methods of manufacturing would show that only the best quality of roofing felts is used in CERTAIN-TEED roofing. This is thoroughly saturated with a blend of soft asphalt—the formula of the General's Board of Expert Chemists. It is then coated with a blend of harder asphalt, which forms an impervious coating and prevents the inner saturation from drying out.

This explains why CERTAIN-TEED outlives ordinary roofing, and why it is possible to guarantee it for 5, 10 or 15 years, according to ply (1, 2 or 3). The responsibility of the world's largest manufacturer of roofings and building papers is behind this guarantee; which is conservative, as experience proves that CERTAIN-TEED outlives the period of guarantee.

The General makes one third of America's supply of asphalt roll roofing. His facilities are unequalled, and he is able to produce the highest quality roofing at the lowest manufacturing cost.

CERTAIN-TEED is made in rolls, also in a slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

SYRIAN RELIEF DAYS

WILL BE OBSERVED

Head of Armenian Church Designates Saturday and Sunday as Fast Days.

Bishop Arsen Vahouni of Worcester, Mass., head of the Armenian church in America, has issued a call asking that all Armenians in America observe Saturday and Sunday, Oct. 21 and 22, as fast days. Indications are that practically all Armenians in the United States will respond favorably to the suggestion of Bishop Vahouni. The bishop himself is devoting much of his time to relief work, making frequent trips for this purpose to New York, Boston and other cities. The Armenians on this side of the water will not only go without food these two days, devoting the savings to relief of their suffering kindred, but they will spend much of the time in soliciting funds from others. The Armenians in America have given heroically to the relief of their fellows in the Turkish empire.

The Syrians are no less zealous and self-sacrificing. They have observed frequent fast days, with benefit to their health, so some of them say. A leading Syrian, Ameni Rihani, a writer, recently fasted two days, devoting the resulting savings to Syrian relief. He also collected \$300 in cash from fellow Syrians during the two fast days. The Syrians, of whom there are 100,000 in this country, have given \$10 per capita to their Syrian relatives. Fasting on Oct. 21 and 22 will be generally observed by the Syrians as well as by Armenians.

Inspired by these examples, many Americans are planning, many of them for the first time, to fast one or more days, in order to save money for Armenian and Syrian relief, and for the purpose of entering, as they hope and believe, more fully into sympathy with the sufferers of those who are suffering so terribly in Europe and in western Asia.

Here's a Chance For West Point.

Senator George F. McLean has issued the following letter in regard to the examination of his candidates for West Point:

"The service commission will hold a competitive examination for the candidates to West Point on October 25, 1916, in the cities of Hartford, New Haven, and Bridgeport, at nine o'clock a. m., in the Federal building. All candidates must be physically perfect, and must be not less than seventeen nor more than twenty years of age, and the height must be not less than five feet, five inches. I shall be glad to hear from all boys at once who wish to take this examination, so that I can give them letters to the examining board permitting them to take the examination.

Invite High School Students.

The committee in charge of the Yale Pageant has invited the High Schools in the state of Connecticut to select ten pupils in each school to attend the Yale Pageant as guests of the committee. The purpose of the removal of Yale college to New Haven, will be given in the Yale Book, October 21st. While they remain at the school, the principal make selections of the pupils, they suggest that it would seem to be particularly fitting to make the award to those ten pupils who stand highest in their studies in the High school.
